## **Verify Phone/Email ID for enabling Self-Password Reset option for Internet Access Users and all O365 applications User during first-time login:**

For enabling self-password reset option, users are required to set and verify the recovery Phone number and email ID during first time login. Mobile Phone number verification is must for enabling self-password reset option.

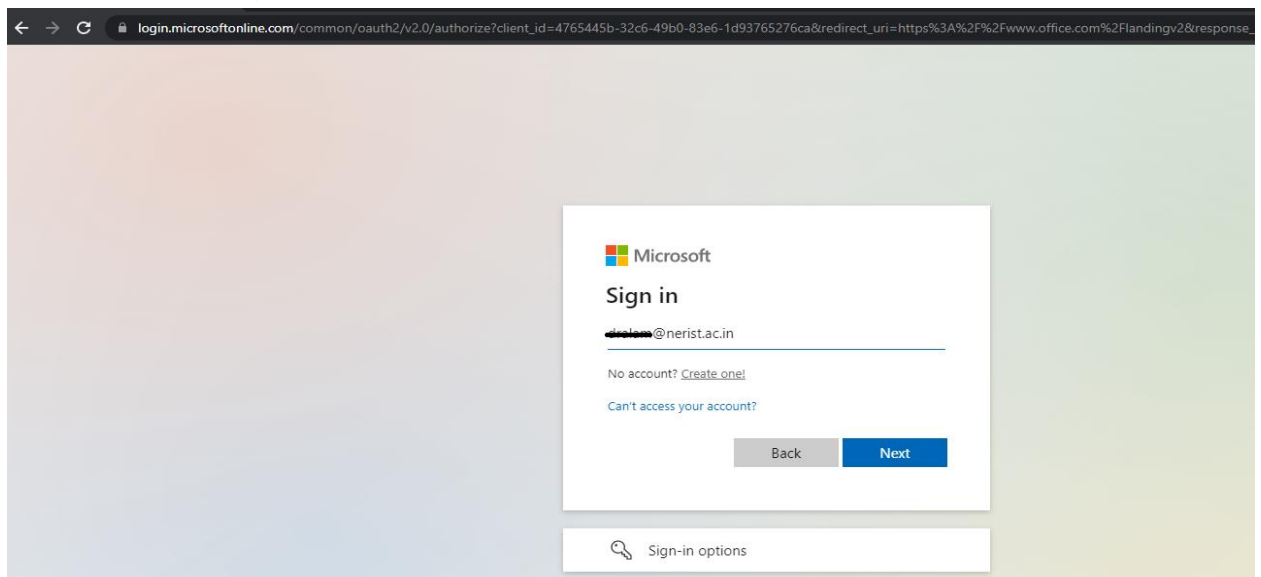

Steps to set and verify the recovery Phone number and email ID during first time login:

1. Open browser and go to [www.office.com](http://www.office.com) and click on Sign in

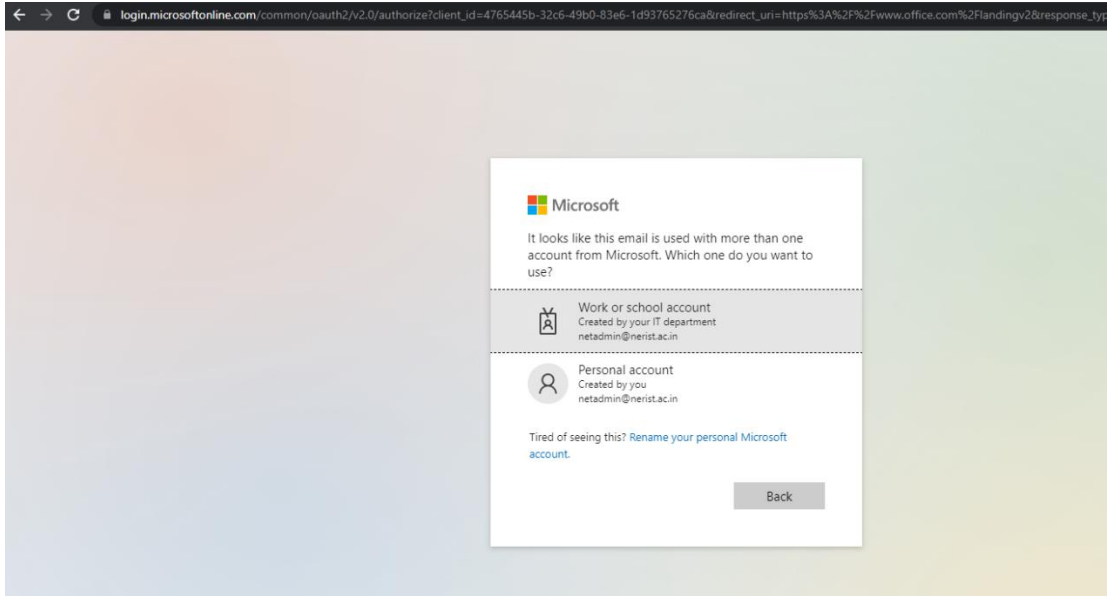

**Sign in to use your favorite productivity apps from any device**

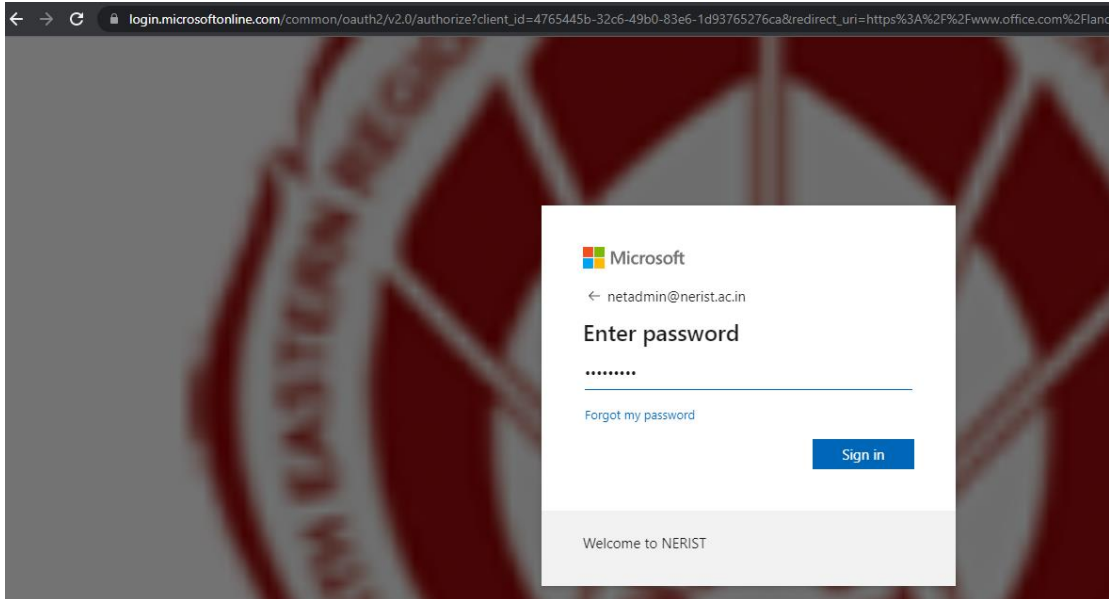

2. Provide user ID , which will be <registration number without />@nerist.ac.in (example: 444444@nerist.ac.in) as shown below and click Next

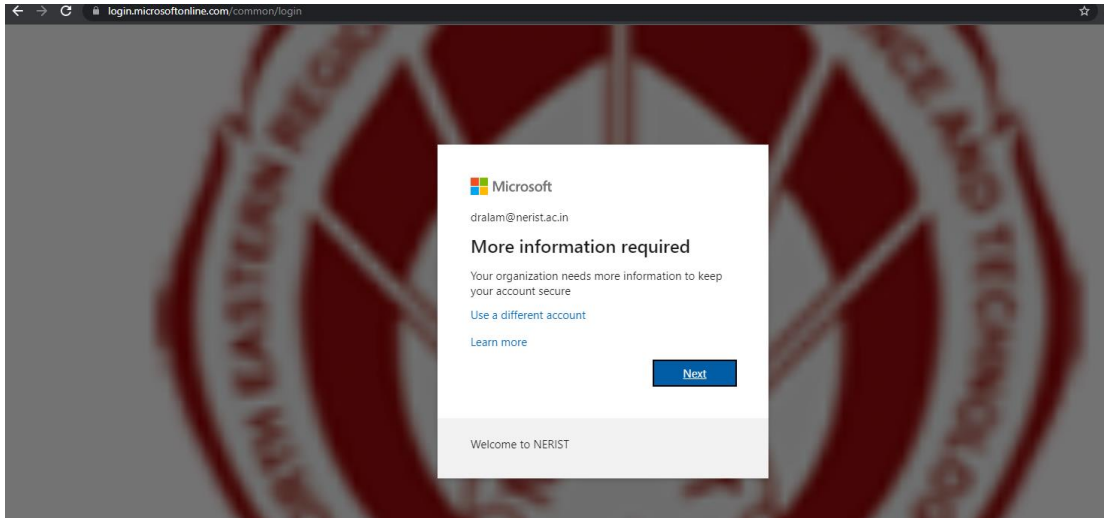

3. Select **“Work or school account”**

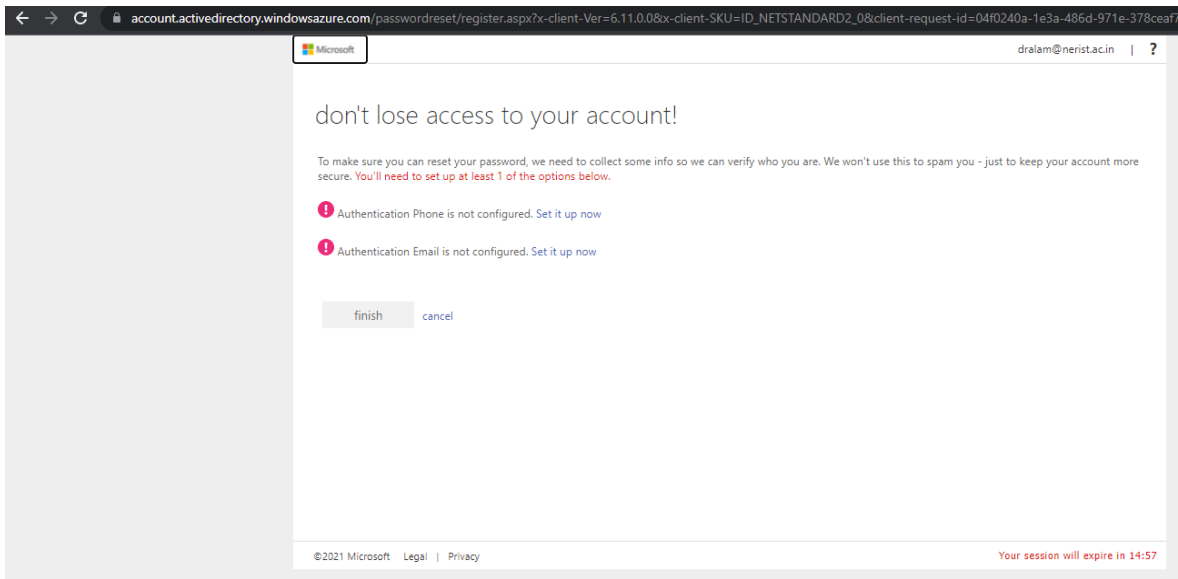

4. Provide default password as **“Welcome@123”** and click on Sign in.

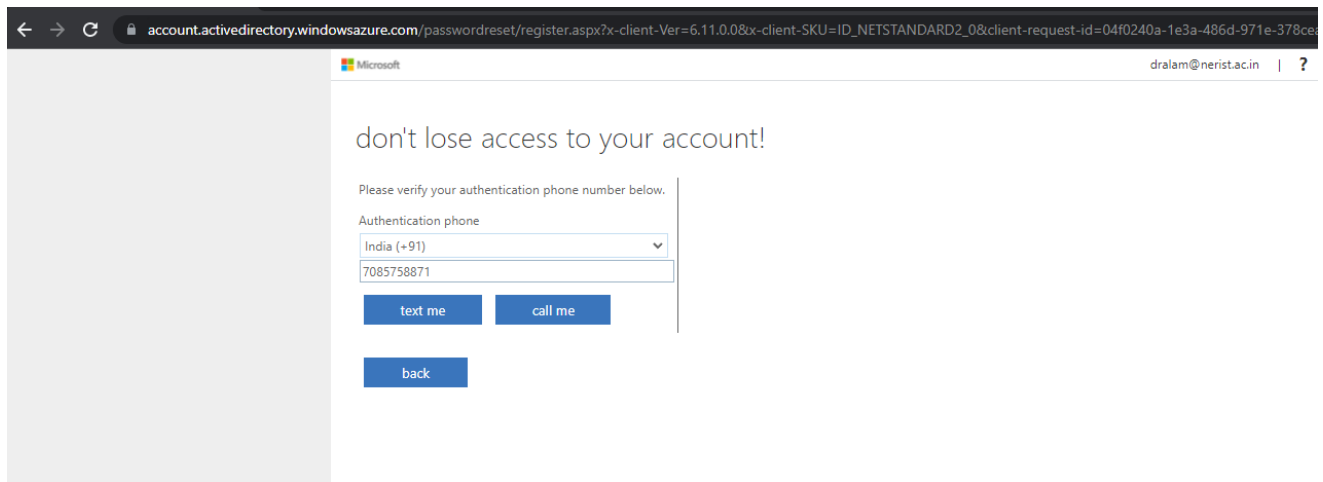

5. Click on Next

6. Now, for enabling self-password reset you need to set phone number and additional email ID (the email ID should be other than Institute provided). For Authentication Phone Configuration Click on "Set it up now"

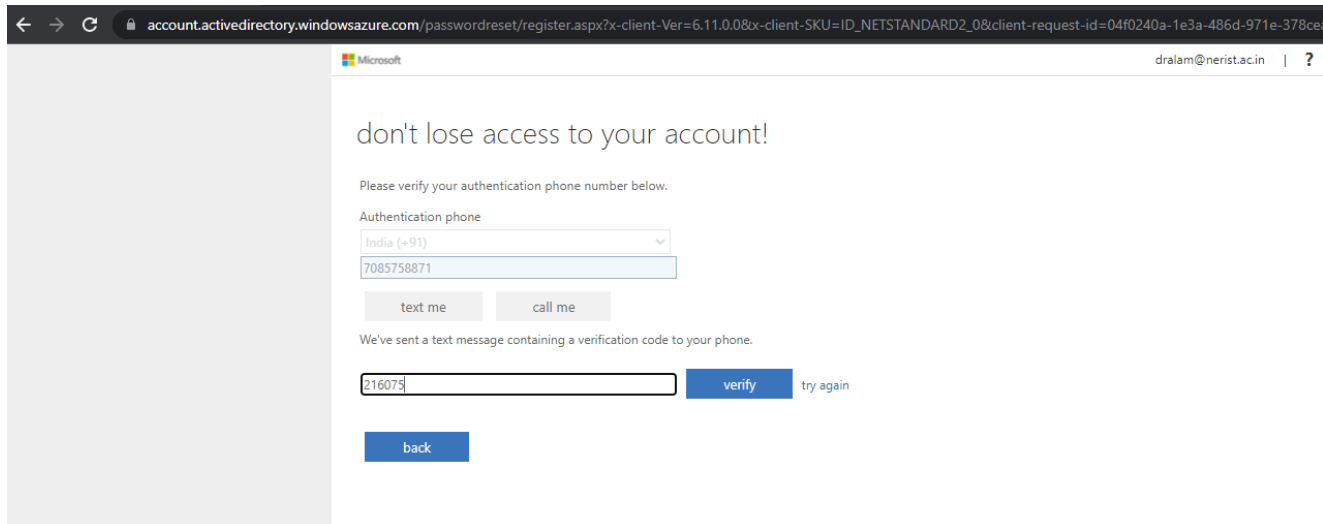

7. Select the country code for India, provide Authentication Phone number and Click on Text me option.

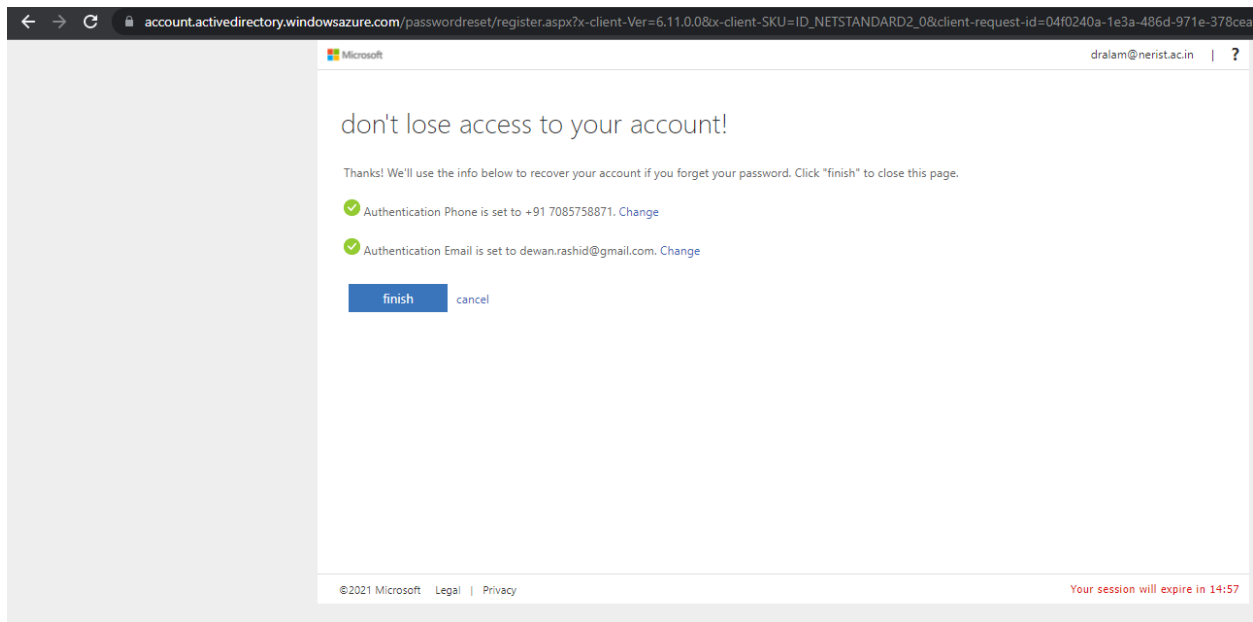

The screenshot shows a web browser window with the URL `account.activedirectory.windowsazure.com/passwordreset/register.aspx?x-client-Ver=6.11.0.0&x-client-SKU=ID_NETSTANDARD2_0&client-request-id=04f0240a-1e3a-486d-971e-378ce...`. The page title is "Microsoft" and the user is logged in as `dralam@nerist.ac.in`. The main heading is "don't lose access to your account!". Below this, it says "Please verify your authentication phone number below." There is a form for "Authentication phone" with a dropdown menu set to "India (+91)" and a text input field containing "7085758871". There are three buttons: "text me" (highlighted in blue), "call me", and "back".

8. A verification Code will be sent your provided mobile number. Put the Verification Code and click on Verify.

The screenshot shows the same web browser window as above. The "text me" button is now greyed out, and the "call me" button is also greyed out. Below the phone number input fields, there is a message: "We've sent a text message containing a verification code to your phone." There is a text input field containing "216075" and a blue "verify" button next to it, with a "try again" link to the right. A "back" button is also present at the bottom.

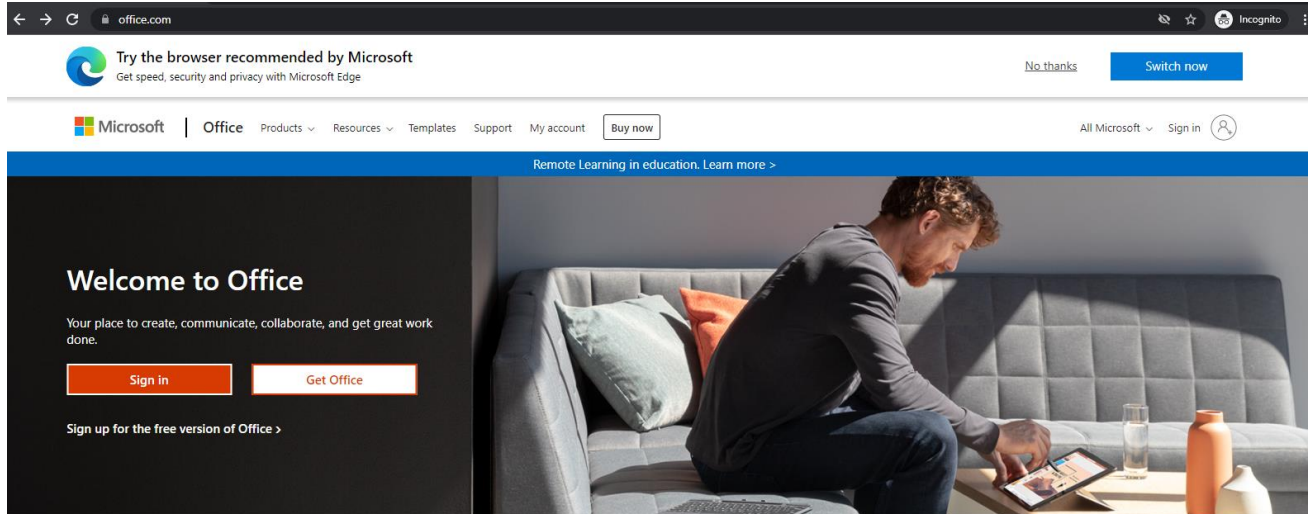

9. The Authentication Email Configuration is Optional, and you can configure it by clicking “Set it up now” and verify the code which will be sent to your provided email ID.

10. After verifying Phone and Email ID Click on Finish.

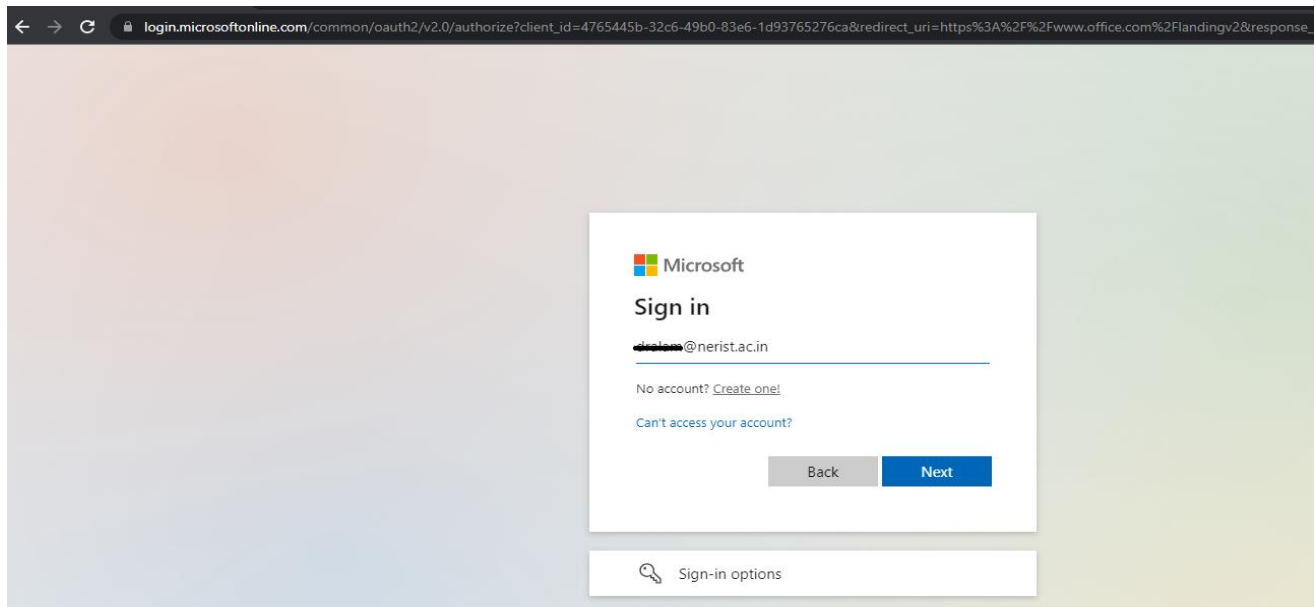

Step to reset default password after Login:

1. Open browser and go to [www.office.com](http://www.office.com) and click on Sign in

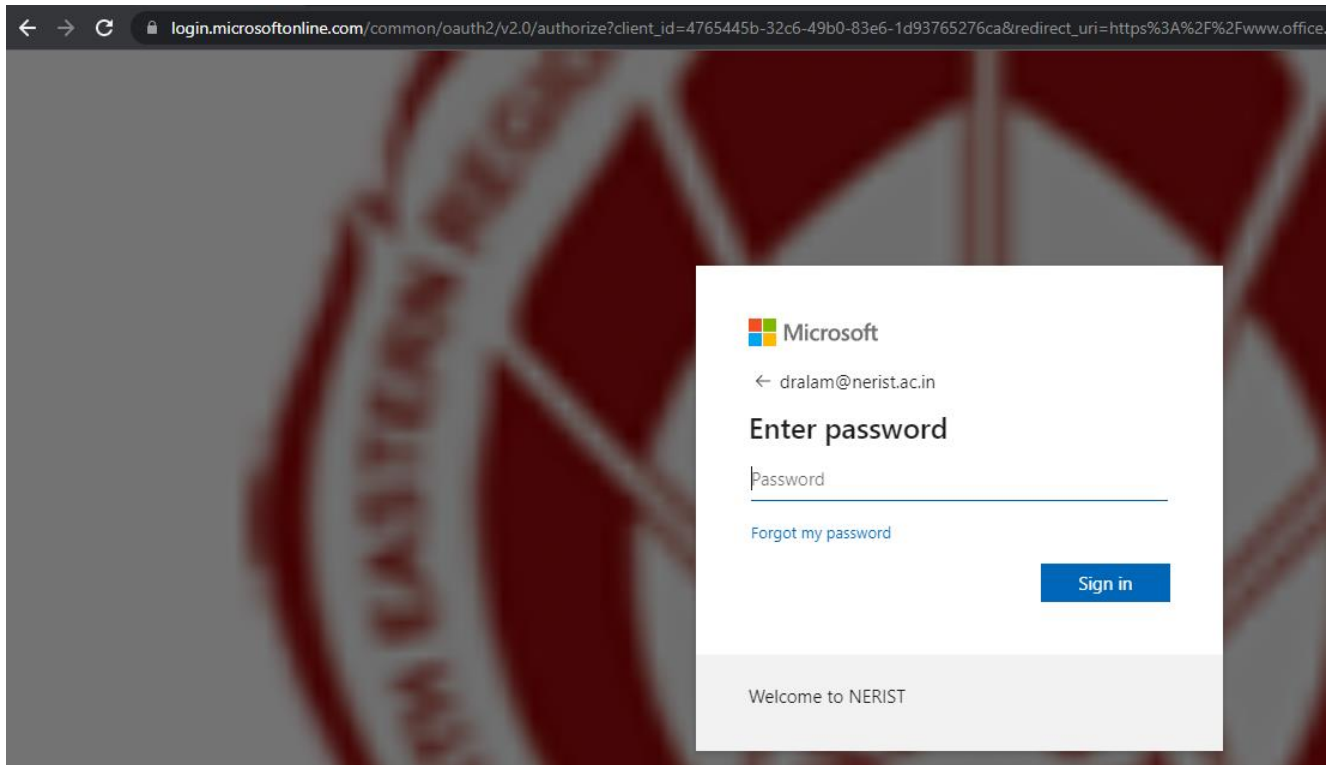

Sign in to use your favorite productivity apps from any device

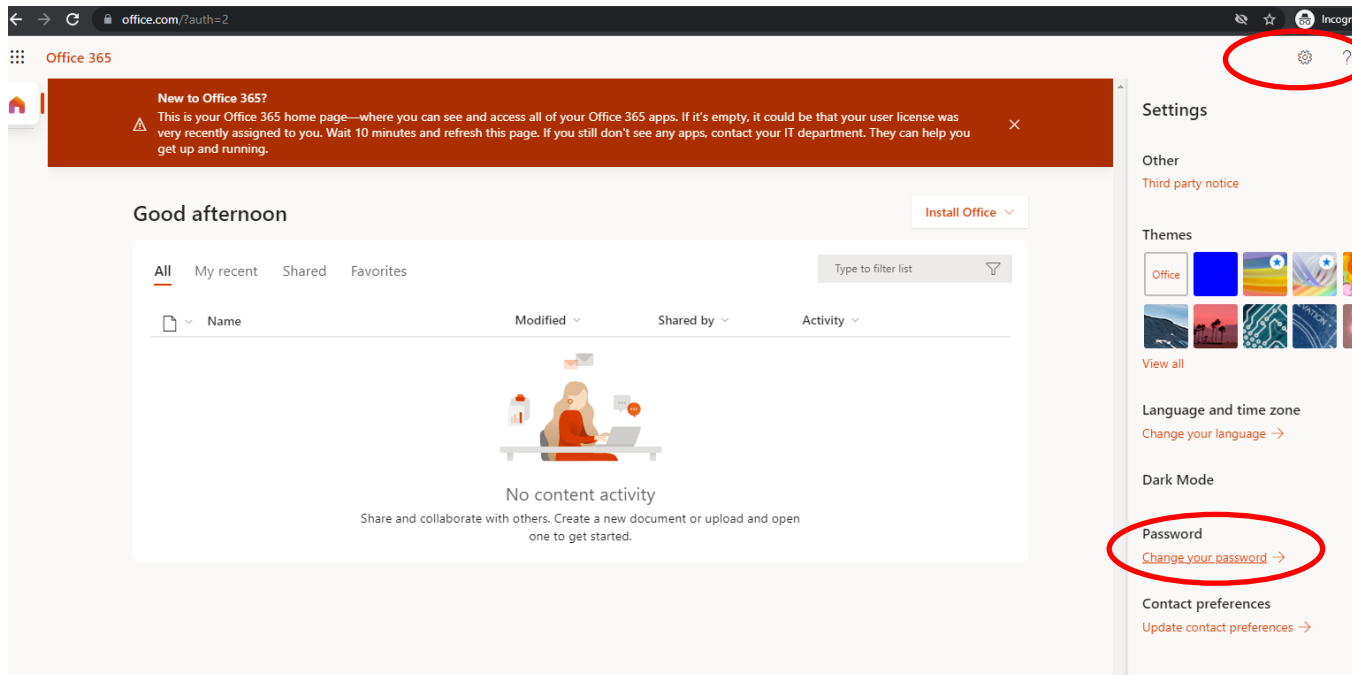

2. Provide your username (if your user id is abc then you should be Sin in with [abc@nerist.ac.in](mailto:abc@nerist.ac.in)) as shown below and click Next

3. Provide default password as: **Welcome@123** and click on Sign in.

4. Click on Settings then Click on Change password option.

### 3. Provide below details:

- Old Password: Welcome@123
- Create new password: (New Password should be minimum 8 characters length, should not be any abbreviation or any dictionary word, password should include at least a special character and a number)
- Confirm new password and Click on submit.
