

On May 13 2022, A team of Unnat Bharat Abhiyan Regional Coordinating Institute North Eastern Regional Institute of Science & Technology Cell (UBA RCI NERIST Cell) organized a book distribution and awareness programme on basic Maths calculation in adopted village school at Gumto.

Programme was attended by Prof. P.Lingfa (Regional Coordinator, UBA NERIST), Dr. T. Patel (Coordinator, UBA NERIST), Dr. M. Mishra (Member, UBA NERIST) and Mr. John Engti (Project Assistant, UBA NERIST).

Programme was started by interactions with school students and teacher's after which Prof. P. Lingfa briefed about importance of education in life and distributed books with Dr. T. Patel among students.

After that Dr. T. Patel taught the students the basic Maths formulas and tricks and also briefed them about the importance of Maths in daily routine.

After that, two volunteer from K.V NERIST Abhinav Patel of class VI and Arihan Patel of class VIII showed their mathematics tricks using an ABACUS which helped them to calculate number easily and fast. They also showed their skills and tricks of Mathematics to other students. Abhinav and Arihant agreed to volunteer for teaching ABACUS every Sunday for fast calculation of Maths problems.

At the end of the programme, Dr. M. Mishra showed an easy and simple way of Multiplication of numbers to students and thank all students, teachers, principal and staffs members.
